

# HONEY LET'S TALK ABOUT THE MONEY!

Now when talking to your honey about the money pick a neutral space. For example a restaurant, park, bar or cafe ie. out of the house and where you can have a wine or coffee, be relaxed and talk about these questions open & calmly.

1. If you won a million dollars in the lottery what would your first purchase be?
2. How did your parents behave around money?
3. What word would you use to describe your relationship with money?
4. Do you have a budget you stick to?
5. Do you know how much you spend every month?
6. Do you have any debt ( student loans, credit cards, car lease, personal loans, Afterpay... all the pays or other)?
7. Would you lend money to a friend or family member in need? If so, how much?
8. Who is in charge of paying the bills?
9. How much is okay to spend without telling the other person?
10. How will you pay for bills? Share account or split everything?
11. Do we have equal say on how we use our money, no matter who earns more?
12. What are you saving for (house, travel, holiday, wedding etc)?
13. What are our retirement goals (what age and how much do you want to retire on)?
14. How much do we need to live on? Think about how long you'll need to work for and whether it's full-time?
15. When will we talk about money (date night, monthly, yearly... a weekend away each quarter)?
16. If one of us stops earning (raising children, unemployed or unwell) will the other pay super for the non-earner?
17. What insurances do you have?
18. Do you have income protection insurance?
19. What does being financially 'comfortable' look like to you?
20. If you have kids, will they have to do jobs for their pocket money?
